(Johns Hopkins, CDC, NYSDOH)

- ▶ Cases worldwide total 993,134 / total deaths 50,928 / total recovered 208,602
- ▶ Cases in 204 countries
- ▶ Sustained community spread with level 2 & 3 travel warnings
- ▶ Travelers to these areas are at increased risk of exposure
- ▶ It is important to note that at this time due to limited testing capability, the number of positive cases may not fully reflect current illness.
- ▶ USA: 233,246 cases / 5,738 deaths
- ▶ New York State has 92,381 cases / 2,373 deaths
- ▶ Greene County has 25 accumulative positive cases located in Windham, Durham, Greenville, Hunter, Cairo, Catskill, Athens, Coxsackie and Halcott.
 - 8 cases that tested positive have been cleared and given the status of “discharged”, leaving 17 active positive cases.
 - Currently 96 individuals are being self-monitored for possible exposure with 21 additional cases that have been released from quarantine status.

Greene County Public Health is taking every measure to manage exposure to County residents including monitoring people post travel and those that have been exposed. We are monitoring people in both precautionary and mandatory quarantine daily. We have 25 accumulative positive cases and most are convalescing at home with 6 hospitalizations. Currently, testing is limited to those with symptoms and positive exposure.

For general information including testing please call the Greene County Call Center at 518-635-5165 or visit the [COVID-19 Response page on our website](#).
