13*	Costs and Schedule for both Service & Maintenance		
	TOTAL DELIVERED LABOR & INSTALLATION	\$	
		TOTAL DELIVERED PRODUCT & MATERIALS	\$
		TOTAL DELIVERED COST	\$

Additional Notes:

The purpose of the exterior cameras is to capture overlapping views of all exterior space within the County Office building footprint.

*The rear parking lot cameras will need to be connected via a Wireless Mesh Network vs. a Point to Point though that will need to be decided in the final design.(include all costs on the exterior cameras and location bid sheet)

*Bidder shall provide estimated costs and schedule for both Service & Maintenance Agreement which shall include software upgrade licensing as well as hardware. This will be decided upon based on the final system selection. Price based on Exterior and Interior cameras. (include all costs on the exterior cameras and location bid sheet)

All cameras are located on existing light poles to minimize electrical work only taps/mounting will be needed. No public poles will be used.

ALL PRICES SHALL BE FOR GREENE COUNTY BUILDINGS DEPARTMENT, CATSKILL, NY 12414
