APRIL 2024

PROCLAMATION

WHEREAS, every April, Global Volunteer Month is a time to recognize volunteers and people who actively support their communities, and the week of April 21 – April 27, 2024, is recognized throughout the United States as National Volunteer Week, powered by Points of Light, as an opportunity to recognize the impact of volunteer service and the power of volunteers to tackle society's greatest challenges, to build stronger communities and be a force that transforms the world. Each year, we shine a light on the people and causes that inspire us to serve, recognizing and thanking volunteers who lend their time, talent and voice to make a difference in their communities.

National Volunteer Week was established in 1974 and has grown each year as people strive to lead lives that reflect their values. The expression of civic life has evolved and doing good comes in many forms, and we recognize and celebrate them all, and is part of Global Volunteer Month, a time to celebrate volunteers as well as inspire volunteerism around the globe. Volunteers are the heartbeat of strengthening communities. People everywhere are called upon to take action, because every act of service builds a stronger community.

The Greene County Department of Human Services relies upon volunteers as AmeriCorps Seniors to provide and assist with vital services for the elderly residents of Greene County; and these volunteers are crucial to the Department's aging services, including home-delivered

meals and for medical appointments. Volunteerism empowers individuals to find their purpose, take their passion and turn it into meaningful change by solving our most persistent problems, and create stronger communities with a more just society.

It has long been a tradition for the county's AmeriCorps Seniors' volunteers to perform work of a high quality and to brighten the lives of others while making Greene County a better place in which to live by serving in community locations; and these county volunteers give of their energy, time, ability and experience. NOW THEREFORE, we, the members of the Greene County Legislature, do hereby proclaim the month of April as:

GREENE COUNTY DEPARTMENT of HUMAN SERVICES' GLOBAL VOLUNTEER MONTH

AND FURTHER, we recognize and thank the many volunteers within Greene County who lend their time, talent and voice to meet the critical needs of our communities. With great pleasure, we honor all our county volunteers and convey the sincere gratitude and appreciation of our citizens for the dedicated, selfless and compassionate efforts of these volunteers.

Greene County Legislature
Patrick S. Linger, Chairman

OUR MISSION

AGING: To ensure a network of supportive services to assist Greene County's senior citizens (those age 60 and older) to maintain their dignity and independence within their communities. To ensure older adults stay independent for as long as possible and have a network of supportive services in the county.

YOUTH: To help coordinate youth services for children and young people, birth to 21, in Greene County, by providing technical assistance to municipalities, private agencies and groups in program development, evaluation, financial planning, program management and training.

Our goals are to

- ♥ Assist older adults in maintaining and/or improving their social, economic, health, safety and nutritional status so they can safely age in place
- ♥ Help older adults stay independent for as long as possible
- ♥ Ensure a network of supportive services to assist Greene County's residents, young and old alike, and their caregivers
- ♥ Advocate for young and old alike.
- ♥ Work together with the Advisory Council to the Greene County Department for the Aging, and the Greene County Youth Advisory Board to recommend ways to provide opportunities that improve the lives of senior citizens and youth of the County.

Nutrition Notes

Written by Nicole Gehman, MS, RD, CD-N

Earth Day is celebrated annually on April 22 and can be celebrated by taking strides to protect the planet. Locally, there are annual activities to promote sustainability such as a cleanup of a particular street, park, or small local town. In bigger cities there are rallies or larger scale organized cleanups in efforts to spread awareness and make a difference on Earth Day. Individual impact can be as easy as planting a garden, reducing food waste, or having a yard sale.

Many strategies can help waste less food. Most of them also help with meal prepping and planning, making trips to the grocery store a little easier. Take an inventory before you shop- including the fridge, freezer, and the pantry. Shop for the items you are running out of, but also come up with meal and snack ideas with the foods that need to be used. Keep quantity in mind. Buy produce for a certain number of meals. For example, “fruit for 3 days” or “lettuce mix for 3 salads”. Because fresh food shelf life is

less, mapping out how much you need will reduce spoilage. Be cautious with buying in bulk. If items are “buy one get one free” but it spoils, it does not save you money. Remember to store food appropriately and use the freezer if you catch a sale. Lastly, use parts of food you might normally toss. Examples include making croutons out of stale bread or using overripe vegetables in a soup.

News From the Greene County Youth Bureau

WHAT IS THE GREENE COUNTY YOUTH BUREAU?

The Youth Bureau operates under the Greene County Department of Human Services to fund and assist in both the development and implementation of programs and services for young people. Our major responsibilities include advocacy and the funding of programs aimed at improving and enhancing the welfare of county youth. It is funded by NYS Office Children and Family Services, and the Greene County Legislature. By

assisting in the development and funding of youth programs, youth are encouraged to become involved, develop a sense of responsibility, and make a positive contribution to their communities.

The purpose of the Greene County Youth Advisory Board is to develop and recommend policy and procedures that guide the activities of the Youth Bureau. The Board is a policy making board responsible for the direction of the Youth Bureau. Members possess qualities that enable them to function effectively by recognizing the needs of youth in the community and take an active role in working toward building a ongoing care systems. Important personal qualifications include leadership, ability to positively interact with others, a commitment to representing the interests of youth, and a willingness to devote time and effort to the board's goals. Official appointment is made by the Greene County Legislature.

Together with Stephanie Schleuderer, Executive Director at Human Services, the following are the current members of the Greene County Youth Advisory Board:

Pam Coloton	Kevin Forbes	Gabriel Hoglund	Andrew Holliday
MaryJo Jaeger	Amanda Karch	Debra Kingman	Maeve Lampman
Tatum Lampman	Sal Massa	Brenna Rustick	John Scalera
MaryAnn Scalera	Angelo Scatturo	Don Smith	

In 2023, the Youth Advisory Board, under funding from NYS OCFS, awarded over \$48,000 locally to the following youth programs:

Athens Cultural Art Center	Cairo Summer Recreation
Cornell Cooperative Extension	Cus D'Amato KO Youth Boxing
Town of Durham Recreation	Exit 21 Youth Basketball
Girl Scouts of NENY	Greene County Pre-PINS Program
Greene County Youth Community Development	
Greene County YMCA	Greenville Library Prattsville Art Project

They look forward to continuing this and will be awarding over \$93,000 as several new funding sources were created.

YOUTH BUREAU REQUEST FOR PROPOSALS 2023-2024 FUNDING

The Greene County Youth Bureau is a division of the Greene County Department of Human Services that funds and assists in both the development and implementation of programs and services for children and young people under the age of 21. The major responsibilities of the Youth Bureau include advocacy and the funding of programs aimed at improving & enhancing the welfare of Greene County youth and families. The Greene County Youth Bureau is funded in part by the NYS Office of Children and Family Services, the Greene County Legislature and donations.

Proposals are requested by the Greene County Youth Bureau funding for youth programs sponsored by any 501(c)(3) (Non-profit tax-exempt charitable organization per IRS). Programs must serve Greene County youth as outlined in the instructions, The funding available in this Request for Proposals (RFP) is for programs that operate between October 1, 2023, and September 30, 2024. The full RFP and forms required for the 2023-2024 period are available on <http://greenegovernment.com/departments/human-services/youth-resources>. Award announcements will be made starting May 1, 2024.

New for this period will be distinct avenues of funding: Youth Development Programs, Youth Sports & Education Funding, and Youth Team Sports Allocation Funding.

- Youth Development Programs (YDP) – Programs and initiatives that enable youth to build on their strengths; provide opportunities for youth to gain important life skills and core competencies, and that allow youth to have meaningful roles in their communities; initiatives that benefit young people in their homes and neighborhoods, in schools, as well as in foster care and residential treatment.
- Youth Sports & Education (YSEF/YSEFI) - Programs that provide a variety of sports for a broad range of youth; encourages a wide and flexible definition of sports that includes organized activities with movement, including physical fitness activities. Infrastructure (i.e. field improvements, storage units) will be a consideration.
- Youth Team Sports Allocation (YTS) - Provide awards to support youth team sports - Intended to provide support to local team sports programs across New York state in communities where such programs may be scarce. Unlike YSEF, YTS has a sole focus on team sports. A “team sport” is defined as an organized physical activity in which groups of two or more individuals are in competition with two or more opposing individuals. Sporting activities with competition on behalf of an organized group (i.e. singles tennis, team golf, swimming or skiing) are included in this definition.

**NEW DATA SUGGESTS THAT TOO MUCH “SCREEN TIME”
INTERFERES WITH INFORMATION PROCESSING IN INFANTS AND TODDLERS**
By Dr. Sal Massa

Researchers from Drexel’s College of Medicine recently published in the Journal of the American Medical (JAMA) association an article which said that babies and toddlers exposed to too much “screen time” may have more difficulty in focusing on the world around them. According to the researchers, children exposed to a lot of TV viewing by their second birthday were more likely to ignore other things going on around them. So, their sensory processing skills appeared to be most affected.

Sensory processing skills involve the body’s ability to respond appropriately and efficiently to information received by hearing, seeing, touching, and tasting. The researchers looked at 2011-2014 data on television or DVD watching by babies at 12, 18, and 24 months from the National Children’s Study of 1471 children nationwide. The ability to process sensory information was assessed at 33 months using a measure called the Infant/Toddler Sensory Profile (ITSP) which is completed by parents/caregivers.

As of 2014, children age 2 and under in the United States averaged 3 hours, 3 minutes a day of screen time, up from 1 hour, 19 minutes a day in 1997, according to a 2019 research letter in *JAMA Pediatrics*. Some parents cite exhaustion and inability for affordable alternatives as reasons for the screen time, according to a July 2015 study in the *Journal of Nutrition and Behavior*.

The findings suggest that:

- 12 months: Any screen exposure compared to no screen exposure was associated with a greater likelihood of being very reactive to the environment. These children exhibited irritability, hyperactivity, eating and sleeping struggles. This is perhaps related to being overly excited by what was viewed on screens.
- 18 months: Every additional hour of daily screen time was associated with the increase in exhibiting high sensory behaviors (i.e. being easily upset, crying, etc.) and avoiding interacting with their environment.
- 24 months,: Each additional hour of daily screen time was associated with an increase in high sensation seeking behaviors (i.e. being demanding, being difficult to soothe, etc.), being sensitive to the environment, and avoiding sensory interactions.

The findings of this study add to a list of concerns for how screen time affects the development of infants and toddlers. The amount of screen time an infant/toddler is exposed to appears to be linked to the development of language delays, behavioral issues, sleep struggles, attention problems, and problem-solving development.

The American Academy of Pediatrics (AAP) discourages screen time for babies under 18-24 months. Live video chat is considered by the AAP to be okay, as there may be benefit from the interaction that takes place. AAP recommends time limitations on digital media use for children 2 to 5 years to typically no more than 1 hour per day.

"Parent training and education are key to minimizing, or hopefully even avoiding, screen time in children younger than two years," said senior author David Bennett, PhD, a professor of Psychiatry in Drexel's College of Medicine."

Although the current research looked strictly at television or DVD watching, and not media viewed on smartphones or tablets, it does provide some of the earliest data linking early-life digital media exposure with later atypical sensory processing across multiple behaviors. The authors said future research is needed to better understand the mechanisms that drive the association between early-life screen time and atypical sensory processing.

SUMMER YOUTH EMPLOYMENT PROGRAM (SYEP) YOUTH OPPORTUNITY FOR JULY - AUGUST 2024

The Columbia Greene Workforce Investment Office has begun the recruiting process for youth between the ages of 14-20 in Columbia and Greene counties for the Summer Youth Employment Program. Eligible participants will be provided meaningful work experience, while receiving financial literacy education, career guidance and a summer income. All participants will be required to attend a mandatory in-person orientation at Columbia-Greene Community College.

The Summer Youth Employment Program (SYEP) is funded by the Office of Temporary Disability and Assistance (OTDA). The Columbia Greene Workforce Investment Office (WIO) anticipates funding for both Columbia and Greene counties. Typically, the program runs for six weeks throughout July and into August. WIO provides the worksite and youth participants with an in-person orientation prior to the start date.

Eligible participants work for approximately 20 hours per week, earning minimum wage (\$15) per hour. More hours may be offered depending on funding received. The Workforce Office provides an interest profile form listing general career clusters for participants to indicate their preference.

The application deadline is May 3, 2024, which may be extended depending on the number of applications received. **Every school district in Columbia and Greene Counties has been sent the SYEP application. You can contact your guidance office, or Rebecca Preusser at WIO, for eligibility information and an application.**

Please contact Rebecca Preusser if there are any questions regarding the application process:

Rebecca Preusser, Assistant Director /Youth Services- CGCC WIO
Phone (518) 697-6514 Email: rebecca.preusser@columbiagreneworks.org

The SYEP is also seeking local businesses to provide summer youth work experience to eligible youth. The Columbia Greene Workforce Investment Office has begun recruiting businesses to serve as a host worksite for youth ages 14-20 for the 2024 Summer Youth Employment Program (SYEP). Youth wages and workman's compensation are paid by Columbia Greene Community College. **Together, WIO and the Worksite strive to enhance the employability of participants by providing a well-structured and meaningful work experience, while learning work readiness skills.** The scheduled start date is July 8, 2024 and end date is August 16, 2024. These dates are dependent on the amount funding received. Please contact Rebecca Preusser for a worksite agreement and more details.

The office is open 8:30 a.m. - 5:00 p.m. Monday thru Friday, though staff are unavailable between 12:00 p.m. and 1:00 p.m. Our knowledgeable and capable staff can assist you or the person you are caring for in accessing a wide variety of human service resources available in Greene County. It is recommended that you call the main office to schedule an appointment to discuss services available. Walk-ins are always welcome but will be seen only if we are able to accommodate at the time.

Programs are made possible through funds from the NY State Office for the Aging, NY Connects, Administration for Community Living, NY State Office of Children and Family Services, and the generous support of the Greene County Legislature. Contributions are gratefully accepted and used to expand programs and services. **No person will be denied service if they are unable or unwilling to contribute.** All contributions are confidential.

For individuals with disabilities or language interpretation needs, requests for reasonable accommodations should be made with at least five days notice.
